

The Knock Out Important Information

PLEASE READ: The Knock Out is intended to be used as a novelty, not a punching bag. Please do not hit the punching bag as if it were a training device. A light hit or tap is all that is required to release stress.

BATTERY SAFETY INFORMATION

Please Retain This Information For Future Reference

Always:

- Insert 2 “AA” size batteries (not included) into the battery compartment. Make sure that the battery polarity (+/-) is as indicated.
- Replace the batteries if the recorded sound becomes erratic or softer as this may be an indication that the batteries are becoming worn.
- Replace both batteries at the same time.
- Remove batteries if Knock Out will not be used for a long period of time.
- Please remember to keep batteries away from young children as they could be easily swallowed.

Never:

- Mix old and new batteries.
- Mix alkaline standard (Carbon-Zinc) or rechargeable (Nickel Cadmium) batteries.
- Attempt to recharge standard batteries.
- To avoid leakage or explosion, do not dispose of batteries in fire.
